

For each problem, count forward. Write the missing numbers.

①

12	13		15		17
----	----	--	----	--	----

②

24			27	28	
----	--	--	----	----	--

③

80			83		
----	--	--	----	--	--

④

98		100	101		
----	--	-----	-----	--	--

Circle the number between 83 and 85.

For each problem, count forward. Write the missing numbers.

①

70	71		73		
----	----	--	----	--	--

②

61	62			65	
----	----	--	--	----	--

③

87				91	
----	--	--	--	----	--

④

95				99	
----	--	--	--	----	--

⑤

105				109	
-----	--	--	--	-----	--

⑥

113					118
-----	--	--	--	--	-----

Tell how you know what number comes next.

For each problem, read the numbers in each set. Circle the sets that are in order.

1

55 56 57 58 59

58 55 57 59 56

2

64 65 66 67 86

64 65 66 67 68

3

99 101 100 103 102

98 99 100 101 102

4

116 117 118 120 119

116 117 118 119 120

5

108 109 110 111 112

108 109 110 111 113

6

106 107 108 109 101

106 107 108 109 110

Tell how you know which sets are in order.

- ① Count aloud from 83 to 88. Then fill in the missing numbers.

83	84		86		88
----	----	--	----	--	----

- ② Count aloud from 46 to 51. Then fill in the missing numbers.

46			49		
----	--	--	----	--	--

- ③ Count aloud from 115 to 120. Then fill in the missing numbers.

115				119	
-----	--	--	--	-----	--

- ④ Circle the number that is missing from 75, 76, 77, 79, 80, 81, 82.
